

test.RouteTest.testGetDistance

```
graph LR; A[test.RouteTest.testGetDistance] --> B[domain.Route.setTotalDistance]; A --> C[domain.Route.getDistance];
```

The diagram illustrates a test method, `test.RouteTest.testGetDistance`, which is represented by a grey rectangular box on the left. Two blue arrows originate from the right side of this box, pointing to two separate white rectangular boxes on the right. The top arrow points to the box containing `domain.Route.setTotalDistance`, and the bottom arrow points to the box containing `domain.Route.getDistance`. All boxes have a thin black border.
